

Procedure Compliance Matrix

Clause by clause mapping of the Central Procurement Procedure Rev 9.0 to what the system implements.

Audience	Management, auditors
Policy	Central Procurement Procedure Rev 9.0, 25 November 2025
Version	1.0
Date	4 September 2026

Procurement Compliance Report

Document: Central Procurement Procedure Rev 9.0 (25.11.2025) **System:** fossilProcure **Generated:** 2026-06-04

This report maps major procurement policy areas to the current system implementation status.

Legend

Status	Meaning
✔ Implemented	Matches policy intent in code
● Partial	Exists but incomplete vs policy
✗ Missing	Not implemented
— N/A	Out of system scope (e.g. petty cash)

Responsibility & Authority

Ref	Requirement	Status	System location
5.1.2	Procurement Manager authorizes quotation	✔ Implemented	PUT /procurement/rfqs/:id/authorize-quotation
5.2.1	HOD selects/approves quotation	✔ Implemented	PUT /department/rfqs/:id/select-quotation + justification
5.2.2	HOD approves internal/PR requisition	● Partial	approveRequisition records dept-head sign-off; PR flow differs from BuildSmart sequence
5.5	Supplier visits / vetting	✗ Missing	No visit records or field evaluation
5.6	PM + HOD approve consolidated evaluation form	✔ Implemented	SupplierEvaluation + SEC approval (secApproveEvaluation)
5.7	Quarterly supplier review meetings	● Partial	nextEvaluationDue + getEvaluationsDue ; no meeting/calendar entity

Supplier Selection & Evaluation

Ref	Requirement	Status	System location
6.2.1	Newspaper invite for onboarding	✗ Missing	Manual process outside system
6.2.2	Onboarding framework	● Partial	Supplier create + KYS checklist
6.2.3	KYS documents (a-s)	✓ Implemented	KYS_CHECKLIST_ITEMS , kysChecklist on SupplierProfile , expanded doc types
6.2.4	Evaluation criteria (credit, pricing, quality...)	✓ Implemented	SupplierEvaluation.scores , SUPPLIER_EVALUATION_CRITERIA
6.2.5	Approved suppliers list	✓ Implemented	Suppliers with status: active after SEC
6.2.6	Re-evaluation when SEC determines	● Partial	evaluationType: re_evaluation ; manual trigger only
6.2.7	Blacklist reasons	✓ Implemented	blacklistSupplier + reasons align with policy

Procurement Process

Ref	Requirement	Status	System location
6.3.1	Check stores before requisition	✓ Implemented	Submit → stores_review ; stores queue
6.3.2	Internal requisition + stores stamp	✓ Implemented	Fulfill from stock or forward to procurement
6.3.3	Three quotations from approved suppliers	✓ Implemented	MIN_QUOTATIONS_REQUIRED + enforcement on accept
6.3.4	HOD justifies quote selection	✓ Implemented	hodSelection.justification on RFQ
6.3.5–6.3.6	Waiver for <3 quotes	✓ Implemented	quotationWaiver on RFQ + approve endpoint
6.3.7–6.3.10	PR in system, HOD approval 24h	● Partial	PR submit/accept exists; timing SLA not enforced
6.3.11	COO approval above USD 5,000	✓ Implemented	COO_APPROVAL_THRESHOLD_USD , requiresCooApproval
6.3.12	Approval chain: Proc → HOD → Finance → COO	✓ Implemented	Sequential PO statuses: pending_hod → pending_finance → pending_coo

Ref	Requirement	Status	System location
6.3.13	PO conversion	 Implemented	<code>createPurchaseOrder</code> from quotation
6.3.14	PO emailed to supplier	 Partial	Notifications; no email PO PDF
6.3.15	Send to Accounts Clerk	 Implemented	Invoice + payment module (AP)

Cancellations

Ref	Requirement	Status	
6.4.x	Requisition cancellation rules	 Implemented	Role-based cancel + reason + downstream RFQ/PO cancel
6.5.x	PO cancellation rules	 Implemented	Role-based cancel; blocked if delivery/invoice exists

Receiving

Ref	Requirement	Status	System location
6.6.1	PO / delivery note / invoice match	 Implemented	Three-way match on invoice
6.6.2	Quality checks by dept reps	 Partial	Delivery <code>condition</code> field; no dept rep sign-off
6.6.3	MSDS for hazardous materials	 Missing	
6.6.4	Stores receiving procedure	 Implemented	<code>receiveGoods</code> , <code>acceptDelivery</code>
6.6.7– 6.6.9	Non-conforming returns	 Partial	Rejection on delivery; 5-day return tracking missing

Compliance / Prohibited Practices

Ref	Requirement	Status
6.8.1	No payment without PO	 Enforced — invoices require PO
6.8.2	VAT registered + tax clearance preference	 Partial — KYS includes tax clearance; not enforced at PO
6.8.5	MT + security + SHEQ at receiving	 Missing — role attendance not tracked

Timelines (SLA)

Process	Policy SLA	Status
Sourcing quotations	2 days	✗ Not tracked
PR approvals	1 hour each role	✗ Not tracked
Payment	Tue/Thu	✗ Not tracked

Priority backlog (remaining gaps)

P0

1. Budget commitment on PR submit (critical for spend control)

P1

1. PO/PR cancellation workflows
2. RFQ detail UI for HOD selection / PM authorize / waiver (API ready; enhance `RFQDetail.tsx`)

P2

1. Supplier visit records
2. SLA / deadline tracking
3. MSDS / hazardous materials
4. Receiving attendance (MT, security, SHEQ)

Recent implementations (this release)

- KYS: Full checklist (19 items), client referrals, document types, verify endpoint
- SEC evaluation: Model, HOD review, SEC approval, quarterly due date
- PO approval chain: HOD → Finance → COO (≥ USD 5,000)
- Accounts payable: Invoices, three-way match, payments
- Stores gate: `stores_review` → fulfill | forward → procurement
- Quotations: 3-quote rule, waiver, HOD selection, PM authorization
- Approvals UI: HOD wired to `/app/approvals`
- Stores UI: `/app/stores-pr-review` for PR queue

This document should be reviewed when procurement policy is revised or when major features ship.
